TWO BRITISH VICTORIES WON

Col Pitcher Defeats the Boers at Sunnyside Laager

General French Again Occupies Colesburg and Surprises the Dutch By a Rear Attack -- Forty Prisoners Taken By Colonel Pitcher -- British Lose Two Men and One Officer Wounded -- The News is Fully Confirmed

By Associated Press to the Journal.
LONDON, Jan. 2.--The war office has received the following from Cape Town: Col. Pitcher reports through an officer commanding at Orange River: "I have completely defeated the hostile command at Sunnyside Laager, taking the laager and 40 prisoners, besides the killed and wounded. Our casualties are two privates killed and Lieut. Adie wounded.

REINSBURG, Cape Colony, Jan. 2.--Gen. French has completely defeated the Boers and occupied Colesburg. He continued to keep them on the move and pressed them closely Saturday and Sunday, giving them no time to make a prolonged stand and when day broke he was within striking distance.
Last night all the cavalry artillery and infantry, the latter riding in wagons to increase the general mobility, started upon a night march with the object of turning the Boers' right. The flank operations were successful. The infantry and field batteries immediately made a feint attack on the Boer front, and while this was proceeding the cavalry and light artillery got completely around the enemy's right flank, as arranged.

The programme worked without a hitch. The Boers were utterly surprised, and, finding their retreat threatened, fled in disorder to the eastward, leaving Colesburg in General French's hands.

The success of General French's column was confirmed officially at the war office.

Sailed for Delagoa Bay.
BERLIN, Jan. 2.--The German cruiser Schwaltz has left Dar Es Salaam, Africa, for Lourenco Marques.

LONDON, Jan. 2.--According to messages from Rensburg the British were still shelling the Boer position Monday evening, and expected to enter Colesburg today. The British losses were three killed and seven wounded. The Boers were supposed to have suffered heavily from the accuracy of the British artillery fire.

The Boer's strength in the engagement with French is estimated at 5,000 to 7,000. While the papers are disposed to overrate the brilliancy of French's success, it will doubtless have a good moral effect, and may result in the

capturing the Norvalspont bridge, gaining an important strategic advantage, as then French will probably be able to threaten the Bethulie bridge, which is the main line of retreat for the Boers facing General Gatacre.

HAMBURG, Jan. 2.--The papers here announce that the German foreign office has summoned the managing director of the German East African line, to Berlin, in connection with the seizure of the company's steamer Bundesrath, by the British cruiser off Delagoa Bay.

RESISTS EXPORTATION

Booker T. Washington Says the Colored People Should Stay Here.

By Associated Press to the Journal.
MACON, Ga., Jan. 2.--Booker T. Washington spoke on emancipation, opposing the migration schemes of Bishop Turner. He said in part: "The north does not contain all the white people, nor are they any better friends to negroes than can be found in the south. For every negro sent to Liberia a negro baby is born in the cotton belt, so that scheme is a failure. As we came to this country at the urgent solicitation and expense of the white man, we would be ungrateful to leave him now, and we are not going to do it."

Slavery Abolished in Island of Guam -- Rough Trip on Transport.

By Associated Press to the Journal.
MANILA, Jan. 1, 10:30 p. m.--The first movement of the general southern advance occurred this morning, when two battalions of the Fourth Infantry landed and occupied Cabuyao, on the south side of Laguna de Bay. Two Americans were killed and two wounded. Twenty-four of the enemy were found dead in one house. One hundred and fifty prisoners and four six-pounder rapid fireguns were captured. The gunboat Laguna de Bay bombarded the town before the disembarkation of the troops from the cascos, which was made under the shrapnel fire. The enemy evacuated the place before the charging Americans, retreating to Santa Rosa, to which town they were pursued.

Heavy fighting occurred along the road to Santa Rosa, which was occupied by the insurgents, retreating south toward Silan. The Americans burned the country around Cabuyao.
